*The EuroConnect is an International Networking Event hosted by an alliance of local Europeans and Americans. We know that by joining forces, we can achieve our goals of Serious Networking and Serious Fun.*

*Our very special featured speaker, the GRANDFATHER of Food Trucks, Thomas DeGeest of Belgium, is coming in from New York City to tell us about his career trajectory in the US. His recognizable brand is everywhere in NYC, in all the iconic locations - Central Park, Bryant Park, Times Square. He's the fantastic embodiment of creating something that had not existed before.*
